

Coronavirus Update for Employers, Parents and Apprentices

Coronavirus is still prevalent with new mutations appearing. We recommend you keep up to date on guidance from the Government websites. If you have any queries, contact F-TEC and we will assist you. Follow the links below for the latest information for all areas in the UK:

<https://www.gov.uk/coronavirus>

<https://www.gov.wales/coronavirus>

<https://www.gov.scot/coronavirus-covid-19/>

Although there are currently no restrictions in place, we still want to make sure that everyone who visits F-TEC take recommended precautions.

All employees, apprentices and visitors should follow these guidelines from the World Health Organisation on infection control, both whilst at work and in their daily lives:

- Frequently clean hands using alcohol-based hand rub or soap and water
- When coughing and sneezing, cover mouth and nose with flexed elbow or tissue, throwing this tissue away immediately and wash hands
- Avoid close contact with anyone who has a fever and cough

We are now living with COVID-19 as one of a number of respiratory infections. There are things you can do to stay well and protect others:

- Try to stay at home if you have symptoms
- If you have symptoms and do need to go out, wear a well-fitting face covering
- Get the vaccine if offered to give you the best possible protection
- Wash your hands regularly
- Meet in well-ventilated spaces
